

POWERFUL FIRE ENGINE DISINFECTION THROUGH **STERAMIST®**

In the realm of emergency responders, most don't consider the importance of fire engine equipment and vehicle disinfection. SteraMist® can deodorize smoke and soot, as well as offer protection against the spread of bacteria.

Utilizing ionized Hydrogen Peroxide (iHP™) - a non-caustic, chlorine and bleach-free fog - SteraMist® treatments can effectively disinfect a facility at any time with TOMI™ Service Network providers.

Whether a routine disinfection or emergency disinfection, a TOMI™ Service Network (TSN™) provider can be deployed at a moments notice. Let TSN™ help you expect the unexpected through equipment and vehicle disinfection.

- The ultimate tool for elimination of bacteria & viruses such as **Staph, MRSA, Norovirus, H1N1, C. difficile, pseudomonas, and salmonella.***
- Cost-effective service helps with budgets of all sizes.
- Quick disinfection/decontamination service turnaround of vehicles saves time in between usage.
