

SUPPORTING SENIORS AND REDUCING RISK WITH **STERAMIST®** DISINFECTION

Not only is regularly disinfecting surfaces within your senior living facility vital to ensuring the health and safety of senior residents, it can be economical — avoiding potential costs associated with outbreaks of various bacteria and viruses.

Utilizing ionized Hydrogen Peroxide (iHP™) - a non-caustic, chlorine and bleach-free fog - SteraMist® treatments can effectively disinfect a facility at any time with TOMI™ Service Network providers.

Whether a routine disinfection or emergency disinfection, a TOMI™ Service Network (TSN™) provider can be deployed at a moments notice. Let TSN™ give you an advantage with a new standard of disinfection in senior care facilities.

- The ultimate tool for elimination of bacteria & viruses such as **Staph, MRSA, Norovirus, H1N1, C. difficile, pseudomonas, and salmonella.***
- Easily incorporated into current cleaning procedures.
- Goes above, beyond, under and around disinfecting sprays and wipes.
